Ms. Ref. No.: JPPRes-21-1015

Title: The α -Mangostin Effect on The Quantity of TGF- β 1 Titer Relate to The Mandibular Bone Volume of Rattus Novergicus in Periodontitis Model.

Dear Dr. Citra Lestari,

Your submission "The α -Mangostin Effect on The Quantity of TGF- β 1 Titer Relate to The Mandibular Bone Volume of Rattus Novergicus in Periodontitis Model" has been assigned manuscript number JPPRes-21-1015.

Please mention the above manuscript ID in all future correspondence or when calling the office for questions.

From this moment, if you have met all the requirements for submitting a manuscript to JPPRes, your manuscript will be handled by an Academic Editor to submit it to peer review. This process could take 10-14 weeks.

All articles in JPPRes are published in full open access. In order to provide free access to readers, and to cover the costs of peer review, copyediting, typesetting, long-term archiving, and journal management, **an article-processing charge (APC) of 250 USD (US Dollars) applies to papers accepted after peer review.** If you request an urgent revision of your manuscript [**Fast Track Article Processing**], you must pay **350 USD (5-8 weeks).** **We only accept payments by PayPal for now.**

Thank you for submitting your work to the Journal of Pharmacy and Pharmacognosy Research.

Sincerely yours,

Prof. Gabino Garrido

NOTE:

English Language Editing: For editors and reviewers to accurately assess the work presented in your manuscript you need to ensure the English language is of sufficient quality to be understood. If you need help with writing in English you should consider:

- Asking a colleague who is a native English speaker to review your manuscript for clarity.
- Visiting the English language tutorial which covers the common mistakes when writing in English.
- Using a professional language editing service where editors will improve the English to ensure that your meaning is clear and identify problems that require your review. This service is additionally provided by JPPRes. JPPRes authors are entitled to a 10% discount on their first submission to either of this service.

Please note that the use of a language editing service is not a requirement for publication in this journal and does not imply or guarantee that the article will be selected for peer review or accepted. If your manuscript is accepted it will be checked by our copyeditors for spelling and formal style before publication.

Please, send a signed copy of the Copyright & Ethics form. You could download this document here: https://jppres.com/jppres/template/en/Copyright_Ethics.dotx

Journal of Pharmacy & Pharmacognosy Research

Dear Authors,

It is a pleasure to accept your manuscript entitled "The α -mangostin effect on the quantity of TGF- β 1 titer relate to the mandibular bone volume of *Rattus novergicus* in the periodontitis model", as an Original Article, in its current form for publication in Journal of Pharmacy & Pharmacognosy Research.

The comments of the reviewers who referred to your manuscript are included at the foot of this letter.

You will be contacted as soon as the author who should pay an article-processing charge (APC) of 250 USD (US Dollars) applies to papers accepted after peer review. This message will be received by you through PayPal.

After that, in a few days, you will receive the proofs in PDF of your manuscript for corrections.

Thank you for your submission and corrections.

We look forward to your continued contributions to the Journal.

Yours sincerely,

Gabino Garrido

Referees' comments for Authors:

There are some mistakes that could be solved during the editing process.

3. PROOFREAD

Dari: **JPPResearch** <jppres12@gmail.com>

Date: Sen, 12 Apr 2021 pukul 09.03

Subject: Your e-Proof is now available for JPPRes-21-1015

To: Citra Lestari <citraunbrah@gmail.com>, <citralestari@fkg.unbrah.ac.id>, <eryatidarwin@med.unand.ac.id>, <putra_aries64@yahoo.com>, <netti_suharti@yahoo.co.id>

Article ID: JPPRes-21-1015

Dear Author,

The proof of your paper "The α -mangostin effect on the quantity of TGF- β 1 titer relate to the mandibular bone volume of *Rattus novvergicus* in the periodontitis model", which is scheduled to appear in a future issue of JOURNAL OF PHARMACY & PHARMACOGNOSY RESEARCH, has now been uploaded as PDF file (in attached file).

Please, note that this file should be annotated electronically and returned by email to editor@jppres.com or jppres12@gmail.com

If you are unable to electronically annotate the document please you write the corrections in a word or txt file and indicate where they should be placed in the document.

Proofread the file for information accuracy against your manuscript copy. Your article production ID is noted at the top of this message - please refer to it in all correspondence.

Acrobat Reader & Acrobat Professional

You will only be able to annotate the file using Acrobat Reader 7.0 or above and Acrobat Professional. Acrobat Reader can be downloaded free of charge at the following address:

<http://www.adobe.com/products/acrobat/readstep2.html>

NOTE: Earlier versions of Acrobat Reader do not have annotating capabilities.

Corrections

We ask you to check the proof carefully, paying particular attention to the accuracy of text, equations, tables, illustrations (which may have been redrawn), other numerical matter and references (which

have been corrected for the style but not checked for accuracy, which remains the responsibility of the author).

To facilitate PDF proofing, low-resolution images may have been used in this file. However, high-resolution images will be used in the final published version. If you have any queries regarding the quality of the artwork, please contact the Production Editor.

Returning Corrections

Please keep a copy of the corrected proof for reference in any future correspondence concerning your paper before publication. Please return your corrected proof or advise the Senior Production Editor if you have no corrections (email is sufficient) within 3 days of receipt. Please return your annotated PDF proof by email (editor@jppres.com).

If you are unable to correct your proof using electronic annotation, please print out your proof and mark corrections onto the hard copy, using standard and consistent symbols, by following the marking in the proof correction symbols located on the e-proofing and scan these. Please return the corrected proof by e-mail. Alternatively, email a list of your corrections to the email mentioned below.

Further Queries

If you have any questions about accessing the PDF file of the proofs, printing, correcting or returning proofs, please contact the Senior Production Editor at editor@jppres.com
